Innovative Electric, LLC is a 100% Native Owned company. Mr. Al Ration is the Owner and an enrolled tribal member of the Navajo Nation. Innovative Electric is a reliable company focused on providing quality customer service. They have been building a superior reputation with over 35 years of experience based on integrity and excellent service. Licensed and Insured, Innovative Electric is a company that implements the latest in technology and advancements; however, their focus on honest service remains the same.

Innovative Electric delivers professional and dependable service for all project sizes. The confidence and pride their company display with every project leaves them with satisfied customers. They deliver quality, efficient, and affordable service. Mr. Ration's company offers guaranteed workmanship and his company consist of skilled and knowledgeable experts who will answer all questions and concerns immediately and, in a customer, friendly matter.

Innovative Electric, LLC's mission is to provide the best possible electrical service to their customers and they practice strict quality and safety controls to make sure their customers are getting the best. Their vision is to be the industry expert in the electrical industry and leading provider of delivering safety. Their core value is safety, professional development, integrity, confidence, innovation and community.

Innovative Electric is a company that is constantly moving forward. "Our years of experience does not necessarily mean we are attached to old ideas; we stay informed of the latest innovations and stay abreast of all the latest industrial advancements". Innovative Electric is a "DEDICATED TO PROFECTION" Company.
